

NuVue Products™ Highly Reflective Driveway Markers offer function and innovation beyond all others. Industry leading ground spike designs allow for easy installation and long lasting performance. Newly designed reflective oval top is sonically sealed to keep reflector operating at top performance in any weather conditions. Likely the last driveway marker you will ever need to buy!

63 Piece Sidekick Displayer # 2710 Contains;

Part #	Description	Kit Contents
2708	Clear Top, 46" Marker, Yellow Shaft	21
2706	Red Top, 46" Marker, White Shaft	42

The NuVue™ Oval Top Driveway Marker Features;

- Highly reflective oval reflector design performs to the highest standards and is sonically sealed to prevent moisture from entering and discoloring the reflector
- Made from the highest quality materials with UV inhibitors to prevent discoloration and fading for long term performance
- Flexible fiberglass shafts won't rust, crack or mark a vehicle. Stays flexible even in severe winter weather conditions.
- Foot spike is molded to stay permanently affixed to the shaft and can be easily inserted in to hard packed ground
- Choice of colors to differentiate your driveway entrance from others and to be highly visible night or day
